Live

Susquehanna Union Green offers a diverse range of living options tailored for families and professionals. Strategically located near Harrisburg attractions, shopping centers, major travel routes, and community-building amenities, it promises to be a sought-after destination and an exceptional place to call home. The first single-family homes were delivered in 2022, providing comfortable living spaces for families. Apartment living became available in 2023 with the introduction of Union Summit, featuring 120 modern apartments. An additional 156 apartment units are now being developed with delivery in late 2025. In addition to its residential charm, Susquehanna Union Green also boasts a vibrant atmosphere with a variety of shopping, dining, and entertainment options, ensuring a fulfilling lifestyle experience for all residents.

Work

Susquehanna Union Green continues to expand its offerings to cater to the diverse needs of its residents. In addition to its vibrant community-funded green spaces, the development is set to feature nearly 100,000 square feet of office and quasi-commercial space on approximately 20 acres. This new addition will provide professionals within the community with modern workspaces to thrive. The first medical/professional office building is currently under construction and available for lease, further enhancing the work-life balance of the neighborhood. Since 2023, the on-site Kiddie Academy Educational Childcare Center has been serving families, offering convenient childcare services within the neighborhood.

Play

ENHANCED COMMUNITY FUNDED GREEN SPACE

Susquehanna Union Green was envisioned with 19 acres of formal parks and green space, with financial assistance provided by the Commonwealth of Pennsylvania's Redevelopment Assistance Capital Program (RACP). At the heart of the development is the Central Green, a 25,000 square foot park and all-season public space for diverse outdoor experiences, from music and live events to pop-up markets and a winter village with an ice skating rink. Additionally, the project plays an important role in environmental stewardship with the successful floodplain restoration of Black Run, a tributary of Paxton Creek which traverses the property.

Area Overview

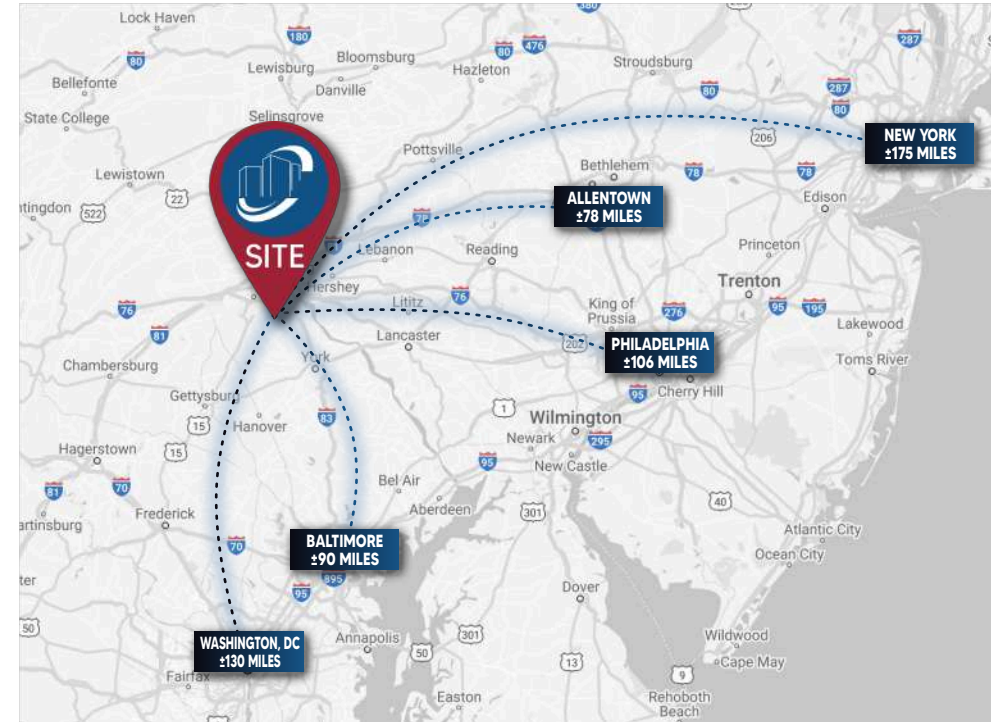

eastern US markets while maintaining a superior living environments, Dauphin County is known as a choice location of business and industry.

Harrisburg, the Capital City, is the urban nucleus of Dauphin County. The city has been the county seat since 1785 and Pennsylvania's capital since 1812. Beautifully situated on the mile-wide Susquehanna River and back-dropped by the Blue Ridge Mountains, Harrisburg has merged big-city influence and sophistication with small-town friendliness and charm.

The upper tier of Dauphin County provides a quiet county setting with quaint towns lying in pristine mountain valleys. Several national companies have located here due to availability of land, an established workforce of people committed to quality work, and a proximity to interstate highways, including several new road projects that are planned or underway. Dauphin County serves as a major distribution hub for many companies servicing the east coast's top metropolitan markets. Dauphin County is the home of Tyco Electronics/AMP, Hershey Chocolate USA and Hershey Amusement Park.

In contrast, the county's southern portion is much more urbanized in and around Harrisburg and Hershey. This region boasts a number of economic development resources including Harrisburg International Airport, the New Baldwin Corridor Enterprise Zone which spans seven municipalities, over 20 major industrial parks and office districts, a well developed highway system, as well as main line Amtrak passenger service and an intermodal terminus for double stack rail freight.

DAUPHIN COUNTY is located in south-central Pennsylvania, from part of Lancaster County. It is a region filled with opportunity, diversity, and an exceptional quality of life. It is a natural location for the state capital and is a critical hub for east coast transportation systems as a convergence point in the Boston-to-Richmond northeast corridor.
